

“When my PCP isn’t available, I’m glad to know I have options!”

We all have minor illnesses and accidents. There are times when we definitely need care right away, but it’s not life threatening. Visiting the ER can be time consuming and expensive.

56% OF ALL ER VISITS ARE AVOIDABLE, ACCORDING TO NEHI, THE NEW ENGLAND HEALTH INSTITUTE

Harvard Pilgrim offers a variety of options for you to get care in a different setting than the ER, no matter where you live or work, that will save you time and money.

If you are experiencing a life-threatening emergency such as choking, severe head trauma, loss of consciousness, heart attack or stroke, call 911 or go to the nearest ER immediately.

How to find care

For telemedicine services

Download the free Doctor On Demand telemedicine app or go to doctorondemand.com. After registering and completing the screening process, you will be connected to a Doctor On Demand provider.

For convenience care clinics and urgent care centers

Visit harvardpilgrim.org and select "Find a provider." If you have created a Harvard Pilgrim member account, click "Login to search," or click "Select a plan" then the link for your plan. From there, click "Hospitals, Urgent Care, Labs and more" on the right, then "Urgent Care/Convenience Care Clinic."

You also can search for any urgent care or convenience care clinic by name (e.g., MinuteClinic) in the search bar.

Note: If you visit an urgent care center that is operated by an in-network hospital but not listed in Harvard Pilgrim's online provider directory, you will pay higher "hospital urgent care center" member cost sharing. Please see your Schedule of Benefits for cost sharing details.

If you don't have Internet access, you can call Harvard Pilgrim's Member Services department at **(888) 333-4742** for locations. For TTY service, call **711**.
